

---

To Service Peace Warriors,

Your compassion and willingness to help Veterans (me) is unbelievable. I am forever grateful. You truly understand what Veterans are going through and see our need for your service. The sacrifices you make is truly the definition of HERO!

Thank you for your time, the long talks before and after training, the coffee, the food, the patience, the understanding and most all for SPW Pendleton! Thank you for your no "BS" direction to training. You are extremely confident in your work and it's exactly the way it needs to be. Your hard work is truly saving Veteran's lives.

SPW Pendleton has become my shadow, my confidence boost, my world conqueror and best of all my cuddle buddy! He knows when I am sad or mad and truly not comfortable with the situation.

I can't wait to see you again,

Nolan Rice and SPW Pendleton
